

# POWIS Fastback® 9

Whether you own a small company that is looking for a low-cost method of binding documents, or you work for a large corporation that wants a way to brand its work, the Fastback® 9 is an excellent choice for all your binding needs. The Fastback 9 can bind a variety of documents, from tape-bound reports, to hard cover books. You can even make paperback books using the Perfectback-Lx PS and LF strips. Best of all is the ability to create your own unique binding strips called Image Strips. Even the plainest black-and-white document becomes something special when bound with an Image Strip.

Use the Lx-Strips, to bind any document quickly and effectively. Lx-Strips are available in eleven colors (Black, Dark Gray, White, Dark Blue, Bright Blue, Purple, Jade Green, Dark Green, Red, Maroon, and Yellow). Add the Fastback Hardcover Guide and you can produce hard cover books with the same strips and Fastback Hardcovers. Its desktop footprint (330mm × 495mm) is small enough to fit the most cramped conditions. The Fastback® 9 also works in concert with the Foilfast printer to add foil printing to your document covers. Perfectback strips, Halfback covers, Bindercovers and Clear Covers are all compatible with the Fastback 9.

## Highlights

- Affordable yet powerful
- Small footprint
- Binds 10 to 250 sheets in 40 seconds
- Image Strip compatible

The Fastback 9 features one-touch binding. Simply put the strip and the book block in the binding machine and press the green button. The user-friendly interface makes choosing the correct strip settings fast and easy.

The Lx-Strip strips produce bindings that match the Super Strip in strength and durability. Lx-Strips are available in a variety of colors. Also available are Lx-Comp Strips for use with the Comp Cover material.

Image Strips can be printed with your company name, logos, and images, in any colors you choose. An Image Strip automatically makes each document you bind unique to your company. You can send us your logos, images and any other corporate brand information, and we will do the rest; or design your own strips using the templates we provide.
